

# Fostering Inclusive Communities for Seniors

## Guiding older adults to the heart of community life

**Inclusive Communication and Support for Seniors with Hearing Loss** – A **workshop** for everyone, including seniors with disabilities, frontline staff, volunteers, program facilitators, and service providers

Do you work with older adults and/ or people who may be living with hearing loss? Join one of our **informative workshop training sessions** to learn more about living with hearing loss and how you can best support your well-being!

### Learning Objectives:

1. Understand how hearing loss impacts social inclusion
2. Learn effective communication strategies
3. Use assistive listening tools confidently
4. Build empathy for challenges older adults face
5. Reduce unintentional exclusion in service delivery
6. Learn about the Canadian Hard of Hearing Association (CHHA)
